

INO-DEV8167 LOTION ENRICHED HAND SOAP

INO-DEV8167

VALUE ADDED

- Large capacity dispensing system reduces maintenance costs by extending time between refills.
- 2L refills eliminate the need for bulky, expensive cabinets.
- No messy refill, just snap entire sealed case into dispenser.
- Sealed products are locked into durable snow-coloured PVC case.
- Cartridges designed so that maximum amount of product is stored in the least amount of space.
- See-through appearance offers quick identification of product level.

APPLICATIONS

- Restrooms
- Kitchens

DILUTION RATE

- INO-DE9909ZPL

The INO view large capacity dispensing system is a highly attractive, trouble-free solution to modern handwashing needs. Lotion is a premium general purpose enriched hand soap. Rich and creamy white, pleasantly scented that cleans and moisturizes. Recommended for applications where frequent repeated handwashing may be required.
