

INO aero 950 DUST MOP TREATMENT

INO AERO 950

VALUE ADDED

- . Attracts and holds dust, soils and debris like a magnet for single-pass dusting and cleaning.
- . Keeps dust from becoming airborne and spreading.
- . Reduces contamination of other surfaces.
- . Pleasant lemon fragrance.
- . Soils accumulate as micro-spheres that are easily shaken off mops and cloths.

APPLICATIONS

- . Floors
- . Plastics
- . Wood
- . Formica
- . Concrete
- . Vinyl
- . Tile
- . Auto Interiors
- . Furniture
- . Venetian Blinds
- . Linoleum
- . Composite Floors
- . Window Frames

DILUTION RATE

- . Ready to use

An easy-to-use cleaning product to control dust on any surface. Spray it on your dust mop or cloth with the fine mist application and prevent germ-filled dust from scattering. This cleaning product reduces airborne dust when cleaning to help protect the building environment and extend the life of your floor finishes. When replacing filters on heating and air conditioning systems, spray the filters before putting in place. This will reduce the amount of dust, which again becomes airborne. Spray the Dust Mop Treatment on dust mop or cloth to control dust from scattering while you are cleaning.

SPECIFICATIONS

Format(s)	397 gr
