The INO bio 12 Calcium Remover-Cleaner is a biotechnological product specially formulated to clear and remove winter de-icing deposits on floors and carpets. With a neutral pH, it does not damage floor finishes, marble, terrazzo, carpet colour and fabric or any other floor covering. It can be safely used on aluminium doors and other metallic surfaces and structures. The solution does not produce toxic vapours of any kind and it is non corrosive for skin, respecting standard #404 of the OECD.

The product surpasses all international environmental accreditation agencies standards and is approved as credits towards a LEED or Go Green certification.
