

## INO chef 25 MECHANICAL WAREWASHING RINSE AGENT - HIGH TEMPERATURE

INO-WW25-4 / INO-WW25-20

### VALUE ADDED

- Reduces the surface tension of rinse water resulting in almost instant sheeting off of water and immediate spot-free drying.
- Eliminates toweling, thus reducing handling, breakages and labour costs.
- Is non-toxic, non-foaming and does not leave a residual odour.
- Is very economical.
- One gallon will condition 15,000 gallons of rinse water.
- May be used in all makes of rinse injectors.

### APPLICATIONS

- Dishes
- Silverware
- Restaurants
- Kitchen

### DILUTION RATE

- 1:333 to 1:1000

A rinse additive which prevents water spotting or streaking of dishes, glasses, silverware and facilitates the speed of drying. INO chef 25 reduces the surface tension of rinse water resulting in instant sheeting off of water and immediate spot-free. It eliminates toweling, thus reducing handling, breakages and labour costs. It is non-toxic, non-foaming and does not leave a residual odour.

### SPECIFICATIONS

Appearance	Clear liquid
Color	Green
Format(s)	20 L
Format(s)	4 l
Gravity	1.02
pH	8
