

INO gloss 1
25% SOLIDS FLOOR FINISH

INO-GL1-378 / INO-GL1-189

VALUE ADDED

- . 25% high-solids floor finish
- . Self-sealing, extended wear formula for a long-lasting shine
- . High durability reduces maintenance and increases time between stripping
- . Adaptable - can be maintained using either a swing machine (175-300 RPM) or an autoscrubber (1500-2500+ RPM)
- . Can be used in a wide range of high traffic settings
- . Resistant to black scuff marks and detergent
- . Perfect for schools, retail, office, buildings, etc.

DILUTION RATE

- . Ready to use

INO gloss 1 floor finish is specifically designed to offer a maximal protection and wear durability in a low maintenance plan. This formula custom-made for high traffic while maintaining a superior gloss.
