  - ▶ Lodging
- 

# Use Overview

**Suma® Dip K1 Liquid Presoak** is an alkaline-chlorinated liquid presoak and destainer for china, plastics and stainless steel. Not for use on precious metals. New and improved formula for removal of stubborn soils from cups and china.

- ▶ Use this product as directed by your Diversey representative.
- ▶ This product is designed to be diluted at a rate of 0.2–4 oz/gal (1.6–31.2 mL/L), depending on the soil load, and is used to presoak stainless and aluminum flatware and utensils, prior to washing in a dishmachine.
- ▶ Do not use this product on silver plated flatware, dishware with gold trim, melamine plastics, copper, or brass.
- ▶ Cover or remove all food products from the area prior to using this product.
- ▶ Do not allow this product or its solutions to splash onto other surfaces. Dilute this product only with water.
- ▶ For Food Plant Use: Avoid contamination of food during use or storage. Cookware or utensils and other equipment and surfaces subject to direct contact with food must be thoroughly rinsed with potable water prior to re-use.

## Product Specifications

Description
